## ADULTS, CRAFTS & COCKTAILS (NEIGHBORHOOD)

Calling all crafters. Gather your group for a night of crafting and cocktails. There are a couple of different ways to tackle this event. Either host it at a local DIY party venue or hire an expert to bring supplies and guide your guests step-by-step from the comfort of your own home. For inspiration, check out Pinterest for ideas. Projects may include making handmade soap, creating a string art wall hanging, or a mosaic steppingstone. Provide appetizers and crafty cocktails at your event and watch the creativity flow. If any of the projects need drying time, offer to let your guests pick them up later. This will give you another opportunity to connect and thank them for coming.

### WHO TO INVITE

This is a party for the artsy type or wannabee crafter. All you need are participants who enjoy tapping into their creative selves. The best crafting parties are smaller to allow for personal instruction. We recommend keeping your group to under 20 people.

---

### TIMING

Did you know March is National Craft Month? Yes, it's a thing, so consider hosting your Adults, Crafts, and Cocktails event this month. If not, any time of the year works. You can be crafty anytime!

---

### VENUE

Our first choice for this event is to host it at a local DIY party venue. You can find them in most cities and this approach will require the least amount of brain damage. Simply book the spot, send out your invites and show up. They'll provide the instruction and supplies. You can also host this party at your house. If you opt for this approach, consider reaching out to a local craft store and hiring an employee to help. School art teachers can also be a fantastic resource.

### AGENDA

To keep your party moving ahead, consider following this agenda.

1. Meet and Greet
2. Icebreaker Activity
3. Project Instruction
4. Work Time
5. Thank You for Coming

### Icebreaker

Help your neighbors get to know each other better by starting off with an icebreaker. Go around a circle and ask the following questions.

- ☐ What is your name?
- ☐ Are you left brain or right brain?
- ☐ What's the best thing you ever made?

### Music

Playing music in the background can help to set the tone for your event. Consider creating a friendly and upbeat playlist ahead of time with music you think your guests will enjoy. Or find a Pandora station to play in the background. Be sure to keep the volume low so the music is not a distraction.
